TORNADO WITH SIPHONIC

This advanced technology combines the efficiency of tornado flushing with the effectiveness of siphonic action, ensuring thorough cleansing with minimal water usage.

SIPHONIC

Known for its powerful suction capability, siphonic flushing swiftly removes waste, maintaining cleanliness and hygiene in your bathroom.

RIMLESS WASH DOWN

Our rimless design ensures a hygienic and easy-to-clean toilet bowl, while the washdown flush effectively rinses the entire surface area, preventing residue buildup.

WASH DOWN

Designed for efficiency, this flush option efficiently clears waste with a strong downward flow, ensuring a clean and odor-free bathroom experience.

INNOVATION FOR EXTRA ORDINARY BATHROOM

CLAY TECHNOLOGY

At TITA, we craft each piece using the most advanced tools available: HUMAN HANDS

We believe that handmade products offer an unmatched experience that machine-made items cannot replicate. Every TITA product is imagined and created by our designers, ensuring thoughtful craftsmanship from start to finish.

This dedication extends to our buyers and end users, who appreciate the effort and skill invested in each piece. Handmade products are not only known for their quality and durability but also for the care and expertise that our skilled artisans bring to every detail.

CLEAN TECHNOLOGY

TITA research and development team has a new technologically advanced compound called - "TITA CLEAN TECHNOLOGY" these compounds are used inside and outside with extra layer of coating, which helps to reduce the accumulation of germs and bacteria with self reduction of 99%. The TITA CLEAN and extra layer of coating help to increase strength and reduce porous surface inherent in ceramics. The first layer of the compound is sprayed white and fills any gaps that might be present before the heat treatment process. We apply a third layer that makes the ceramic's surface smoother.

CONSIDER TIPS BEFORE SELECTING YOUR UNDER COUNTER BASIN

Sleek Design: With no rim, this basin blends smoothly into the counter for a clean, modern look.

More Counter Space: The recessed design frees up space for your bathroom essentials.

Easy to Clean: No exposed edges make wiping spills into the basin simple.

Strong and Durable: Choose a sturdy material like porcelain to ensure it lasts.

Subtle Style: An under counter basin adds elegance and space-saving functionality to your bathroom.
